

Definition of A friend:

A friend should be radical.

They should love you when you're unlovable, hug you when you're un-huggable, and bear with you when you're unbearable.

A friend should be fanatical.

They should cheer when the whole world boos.

Dance when you get good news, and cry when you cry too.

But most of all a friend should be mathematical.

They should multiply the joy, divide the sorrow, subtract the past, and add to tomorrow. Calculate the need deep in your heart, and always be bigger than the sum of all their parts.

Scripture: ***Ephesians 4:2*** *Living as becomes you with complete lowliness of mind (humility) and meekness (unselfishness, gentleness, mildness), with patience, bearing with one another and making allowances because you love one another.*
